Education

Symbiosis Institute of Design, Nagpur 2023–2027
Bachelor of Design (Specialization User Experience Design)

Work Experience

Systemstar Infotech India Private Limited Dec 2025–Sep 2026
UI/UX Development Intern

- Designed and developed **wireframes, user flows, and high-fidelity UI components**, contributing to cohesive design systems for web and mobile applications using **auto layout and responsive design** principles.
- Collaborated closely with frontend and backend teams** to ensure seamless translation of designs into functional products, actively supporting implementation and usability improvements.
- Worked under the guidance of a senior UI/UX designer, contributing to client projects by refining user journeys, enhancing accessibility, and maintaining design consistency across platforms.
- Assisted in building responsive websites and mobile apps, focusing on intuitive user experiences, component reusability, and scalable design solutions aligned with project requirements.
